**THE FARMERS' MUSEUM
JUNIOR LIVESTOCK SHOW AWARDS**

Stephen C. Clark, Jr., established The Farmers' Museum Cup in 1947 to honor the best livestock exhibited by a 4-H boy or girl at the Otsego County Fair. The Farmers' Museum Junior Livestock Show, also Mr. Clark's conception, was first held in 1948, and The Farmers' Museum Cup was thereafter awarded annually to the best animal in the show. In 1963 in response to the intensive competition, the F. Ambrose Clark Livestock Trophy was established to be awarded to the beef animal, pig, or sheep judged to be the best animal in the livestock show, while The Farmers' Museum Cup goes to the best dairy animal in the dairy show. F. Ambrose Clark was for many years a patron of the show, which is now endowed by his estate.

GENERAL RULES

1. **In order to maintain the 200 maximum limit on the showgrounds, no more than two persons (parents and/or guardians only) per exhibitor will be allowed.**
2. **All individuals must wear a face covering at all times unless eating or drinking.**
3. **All persons entering the showgrounds will be required to answer a health screening questionnaire and submit to a temperature check.**
4. No smoking in tents or buildings. Alcohol and drugs are prohibited on the grounds (**adults and exhibitors**).
5. No late arrivals will be allowed to exhibit in the show.
6. Bedding (straw) is available.
7. The Farmers' Museum Junior Livestock Show is open to all youth who reached their 8th birthday but have not reached their 19th birthday by January 1st of the current 4-H year and who are enrolled as traditional 4-H members in Chenango, Delaware, Herkimer, Fulton/Montgomery, Madison, Oneida, Otsego or Schoharie County.
8. Exhibitors must be enrolled in the projects or courses which concern the section in which exhibits are entered.
9. Exhibitors should wear appropriate clothing while in the show ring as follows:
Dairy Cattle: Appropriate white show clothing for all classes is required.
Dairy Goat: Appropriate white show clothing for all classes is required.
Sheep: Dark pants and white shirt are required for all classes.
Beef: Dark pants and button shirt are required for all classes.
Swine: Dark pants and button shirt are required for all classes.
Meat Goat: Dark pants and button shirt are required for all classes.
Appropriate shoes are required to be on at all times in the ring, no barefoot or open toe shoes/sandals such as flip flops.
10. Exhibits in The Farmers' Museum Junior Livestock Show are entered at the exhibitor's risk.
11. Ventilation fans will be limited to ½ horsepower capacity.
12. Washing of animals is permitted at wash racks only. Use of pressure washers is limited to the wash rack area only.
13. The judges shall award premiums only on animals of merit.
14. Cash premiums and ribbons are provided from The Farmers' Museum Junior Livestock Show endowment. Special awards are provided by sponsors in some cases.
15. Animals will be judged on the Danish system for quality ribbon awards and cash premiums. In addition, individual placing ribbons will be awarded to the top ten animals in each class. To be eligible for consideration of rosette awards an animal must have received an excellent Danish in any individual classes.

16. No public dogs are allowed on the show grounds except for working companion and seeing eye animals.
17. Any failure to comply with the rules or with the requests of any persons in a responsible position will call for immediate dismissal. Parents and/or police will notified immediately.
18. All exhibitors agree to follow their county's 4-H Code of Conduct. If you are unaware of your County's Code of Conduct, please contact your County 4-H Educator.

NOTE: With any youth activity which has the number of young people actively involved as The Farmers' Museum Junior Livestock Show, there is likelihood that one or more young people may become ill or injured. Although the Cornell University Cooperative Extension Association and The Farmers' Museum personnel, in the absence of participants' parents or guardians, will do their best to see that the young people so involved receive prompt and adequate medical attention, the organizations do not assume financial responsibility for these services rendered.

Entries

1. **Entries will be submitted electronically. If you are unable to do this please contact your 4-H Educator.**
2. All animals must be owned, cared for and prepared by the exhibitor only.
3. Non-owned project animals may be shown. See page 29 for Livestock non-ownership policy. Attach a copy of non-ownership paper to entry form. Also be sure to bring a copy to registration at the show..
4. **Exhibitors are only allowed one animal per class unless there is another registered participant in your immediate "pod". In that case, they can show the 2nd animal for you. Due to COVID-19 rules, we cannot allow you to work with/help anyone from outside of your immediate "pod". Please bear in mind, bringing 2 animals for 1 class, gives us the right to ask you to leave one at home if numbers warrant. We will let you know by July 1 if we have too many animals to accommodate and you would need to leave one of your animals home.**
5. All exhibitors must register for and show in their respective showmanship classes. Class numbers are under each species and under showmanship. If an exhibitor is showing more than one species, they must make every attempt to make all showmanship classes. If an exhibitor feels they cannot make a showmanship class in a specific species, please see that species superintendent.
7. EARLY SCRATCHES – If you have scratches of more than one animal on or before July 1st let us know. As the show grows bigger, housing becomes more of a problem. Please indicate what class the animals are in that you will be scratching so we can also remove them from the official show book, plus save on tent space. Write, e-mail or fax Meg Preston at The Farmers' Museum, PO Box 30, Cooperstown, NY 13326, m.preston@farmersmuseum.org, (607) 547-1439 (fax).

Parking

1. No vehicles are permitted in the areas around the exhibit tents. Park only in designated parking areas.

CAMPING

DUE TO COVID RESTRICTIONS THERE WILL BE NO CAMPING/OVERNIGHT ACCOMODATIONS.

PLEASE READ THESE IMPORTANT RULES AND REGULATIONS

Administration of Rules and Regulations: The Farmers' Museum Junior Livestock Show Executive Committee and/or its Rules Committee have the final and absolute right to interpret or amend the rules and regulations listed in this Show book. Any exhibitor or parent/guardian who violates the following rules will forfeit all privileges and premiums and will be subject to penalties ordered by the FMJLS Executive Committee or Rules Committee.

When necessary, special rules are published for each department. If there is a conflict between the special rules of any department and the general rules and regulations, the special rules will govern.

Any complaint regarding eligibility or adherence to the rules must be made in writing. \$5 cash must accompany a written protest form. The fee will be forfeited if the Rules Committee is not able to substantiate the complaint. Complaint forms will be available from the Show Superintendent and must be completed and returned by to the Show Superintendent within three hours after the cause of protest.

If you choose not to follow the rules, please stay home!

1)Grooming: Each exhibitor must groom his or her own animal and may use only the **assistance** (meaning the youth must also be there preparing the animal) of immediate family member (mother, father, legal guardian, brother or sister) or of another 4-H member who is an exhibitor at the 2021 Show. This rule will be strictly enforced and any exhibitor violating it will: 1st occurrence – the animal in protest/complaint will not be allowed to be exhibited, 2nd occurrence – **ALL** of the exhibitors animals including multiple species will be dismissed from show, 3rd occurrence – Dismissal of future participation in FMJLS as deemed necessary by Rules Committee.

2)Respect - is expected from everyone to everyone. There will be no abuse of any kind (verbal, physical, etc.) tolerated. If you chose to disrespect anyone and act in an unacceptable manner you (and your animals) will be removed from the show grounds. If this is a parent/guardian that is removed from the grounds, the children and animals associated with that person will also be removed.

3) if a youth has two entries in one class, you must stay in your "pod" , no working outside your "pod" due to COVID Guidelines.

HEALTH REQUIREMENTS

All animals exhibited must comply with New York State livestock health requirements in effect for the current year. All exhibitors must meet with animal health officials before animals are unloaded.

General Prohibitions and Requirements

- No person shall bring or have present an animal on the fairgrounds during a fair which is not qualified under NYS regulations.
- No person shall present an interstate or intrastate certificate of veterinary inspection that has been altered by anyone other than the issuing veterinarian.
- Animals demonstrating clinical signs of other evidence of infectious, contagious or communicable diseases shall not be allowed on the show grounds.
- Representatives of the Commissioner may deny admission to or require removal from the fair premises, or require the segregation of any animal showing signs of or exposed to any infectious, contagious or communicable disease.
NOTE: The show committee has the authority to reject unworthy or unsightly exhibits of reasons other than infectious, contagious or communicable disease. The veterinarian or animal health inspector will bring questionable exhibits to the attention of the show committee.
- All animals presented that originate from a location other than New York shall meet all New York State importation regulations appropriate to the species in addition to the show animal health requirements.

CERTIFICATE OF VETERINARY INSPECTION (CVI)

- Cattle, sheep, goats, swine, require a valid CVI to enter the show grounds.
- The CVI must be issued by an **Category 2** accredited veterinarian.
- All animals must be officially identified. All manmade ID must be recorded.
- Only one species is allowed per certificate.
- The type and duration of certificate required depends on the origin of the livestock.

New York Origin Livestock:

- A valid intrastate CVI (Al 61) is required.
- Each animal must be individually identified on the CVI.
- The CVI must be issued on or after May 1 of the current year.

Out of State Origin Livestock:

- All animals entering New York State must satisfy import health and test requirements for that species and be accompanied by a valid interstate CVI.
- The interstate CVI is valid for 30 days from the date of CVI inspection . During the show season (July 1 through Labor Day) valid interstate CVI's can be used multiple times for entrance into shows. The initial entrance into a show must be within 30 days of CVI inspection. In order for the CVI to be used at a later show, it must be initialed and dated by a state official noting location of the initial show. A change of health status of eligibility of an animal necessitates the generation of a new CVI.
- Questions regarding import requirements should be directed to the Division of Animal Industry at 518-457-3971.

ANIMAL IDENTIFICATION

- **ALL MANMADE ID MUST BE RECORDED**
- **Cattle must be identified by an official USDA approved eartag. Radio frequency identification (RFID) ear tag, commonly referred to as an "840 RFID tag," are strongly recommended.**

- Sheep and goats must be identified by official scrapie identification (see sheep and goat sections.)
- Swine must be identified by an official USDA approved eartag. Radio frequency identification (RFID) ear tag, commonly referred to as an “840 RFID tag,” are strongly recommended. Nursing piglets do not have to be individually identified if the sow is correctly identified on the CVI and the number of piglets in the litter is noted.
- NOTE: If you are exhibiting animals identified by microchip a working reader must be supplied by the exhibitor.
- For questions on animal identification please contact your veterinarian or our office at 518-457-3502 RABIES VACCINATION

Rabies Vaccination

- Current rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, sheep) and that are 4 months of age or older on the date of admission to the fair. **The Junior Livestock Show requires ALL species be vaccinated.**
 - ◊ For most rabies vaccines, the earliest age allowable for primary vaccination is 3 months of age will need to be re-vaccinated according to label before entering the showgrounds.
- Vaccine must have been administered within the past 12 months. The exception is Imrab LA vaccine used in sheep which protects for 3 years after the second annual vaccination (consult your veterinarian).
- The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate.
- **Note: Individual shows can require animals for which there is no approved rabies vaccine to be currently vaccinated for rabies. The requirements outlined above would apply. The show is responsible for notifying exhibitors.**

Acceptable Proof of Rabies Vaccination

- Acceptable proof of rabies vaccination must include a signed written statement from the veterinarian administering the vaccine or a valid certificate of veterinary inspection that has the vaccination listed and is signed by the Category 2 accredited veterinarian.
- Acceptable proof of vaccination must include the name of the product used, the date of administration and the duration of immunity if longer than one year.
- If the statement of rabies vaccination is included on an EIA test record, it must be signed separately in addition to the required EIA test record signature.
- NOTE: Rabies titers are not acceptable proof of rabies protection and cannot be used to meet entry requirements.
- Acceptable proof of vaccination for dogs is a valid vaccination certificate or a copy of the dog license that contains the rabies vaccination information.

Cattle BVD-PI Testing

All cattle exhibited at NY shows, county fairs or the State Fair must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). The testing veterinarian is responsible to make sure the proper test conducted. This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. The issuing veterinarian is responsible for verifying the validity of the test, the identification of the animal and recording the test date on the CFI. If a previous test is not verifiable the test must be repeated.

Cleaning and Disinfection

- All premises on the showgrounds housing animals must be cleaned and disinfected prior to the opening of the show and between groups of animals when housing is rotated.

Animal Deaths

- Occasionally animal deaths occur at a fair. If a death occurs it must be reported to the veterinarian in charge as soon as possible for review. The animal must be promptly removed from the public exhibit area to a secure location and held for the veterinarian prior to disposal.

Calving, Kidding and Lambing.

- Any cattle, sheep or goats that calve, kid, or lamb while at the show will be ordered removed from the fairgrounds along with their offspring, unless the animals are part of a birthing demonstration.

Commingling of Sheep and Cattle

- Due to the potential spread of malignant catarrhal fever from sheep to cattle, it is recommended that cattle be kept separate from sheep.

Isolation on Returning Home

- The owner or custodian shall keep show animals biologically separate from the herd or flock for a period of at least two weeks after returning to the premises of origin. If any illness is noted in the exhibition animals the owner should contact their veterinarian immediately.

INDIVIDUAL SPECIES REQUIREMENTS

Cattle

- Certificate of Veterinary Inspection with animals properly identified. **See animal identification section.**
- **Rabies vaccination is required for all cattle 4 months of age or older (See Rabies Section)**
- All cattle must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). The date and results of the testing must be noted on the certificate of veterinary inspection.
- All cattle must be currently vaccinated against bovine respiratory disease complex including bovine respiratory syncytial virus, bovine virus diarrhea, infectious bovine rhinotracheitis and parainfluenza with a product administered in a manner and time frame adequate to confer protective immunity for these diseases for the duration of the show.

GOATS

- Certificate of Veterinary Inspection with animals individually identified with USDA approved individual scrapie program identification. **Identification must be one of the following:** 1) USDA approved tags or 2) a legible registration tattoo with official registration paper accompanying the animal or 3) a USDA approved herd tattoo and individual animal ID number or 4) electronic ID if the goat is enrolled in the Scrapie Flock Certification Program and/or the electronic ID is recorded on the goats registration paper (owner must supply a working electronic reader). For information on scrapie ID, contact USDA at 518-218-7540.
- The CVI must contain a written statement from the issuing **Category 2** accredited veterinarian that the herd of origin was inspected after May 1 of the current year and no evidence of contagious, infectious or communicable diseases was found.
- **The Farmers' Museum Jr. Livestock Show requires goats have a current rabies vaccination. Vaccination of goats should be 4 months of age and older on date of admission to a show. Vaccination must be within the past 12 months unless a 3 year vaccination has been used.**
- If evidence of soremouth (contagious ecthyma) is found on any goat, the entire exhibit including the affected animals shall immediately be removed from the fair premises with the holding pens cleaned and disinfected immediately after removal.

SHEEP

- Certificate of Veterinary Inspection with animals individually identified with USDA approved individual scrapie program identification. Identification must be one of the following: 1) USDA approved tags or 2) a USDA approved flock tattoo and individual animal ID number or 3) electronic ID if the sheep is enrolled in the Scrapie Flock Certification Program (owner must supply a working electronic reader). For information on scrapie ID, contact USDA at 518-218-7540.
- Rabies vaccination is required for all sheep 4 months of age or older on date of admission to the show. Vaccination must be within the past 12 months unless a 3 year vaccination has been used. The CVI must contain a written statement from the issuing **Category 2** accredited veterinarian that the flock of origin was inspected after May 1 of the current year and no evidence of contagious, infectious or communicable diseases was found.
- If evidence of soremouth (contagious ecthyma) is found on any sheep, the entire exhibit including the affected animals shall immediately be removed from the fair premises with the holding pens cleaned and disinfected immediately after removal.
- The CVI must contain a written statement from the issuing **Category 2** accredited veterinarian that the herd of origin was inspected after May 1 of the current year and no evidence of contagious, infectious or communicable diseases was found.

SWINE

- Certificate of Veterinary Inspection with animals individually identified.
- **All swine must be identified by USDA approved official ear tag.**
- The CVI must contain a written statement from the issuing accredited veterinarian that the flock of origin was inspected after May 1 of the current year and no evidence of contagious, infectious or communicable diseases was found.
- **The Farmers' Museum Jr. Livestock Show requires swine have a current rabies vaccination. Vaccination of Swine should be 4 months of age and older on date of admission to a show. Vaccination must be within the past 12 months unless a 3 year vaccination has been used.**

Exhibitor Pre-fair Guidelines

- Review the animal health requirements booklet including information for your species before your veterinarian arrives to inspect your animals. If you have any questions.... **Ask!**
- Your veterinarian is responsible for inspecting your animals and completing the certificate of veterinary inspection (CVI). Call early to avoid the last minute rush when mistakes are made and there is not time to correct.
- Make sure **USDA approved official eartags** are present on cattle and swine and USDA approved scrapie ID is in place on sheep and goats.
- **ALL IDENTIFICATION MUST BE RECORDED. Make sure it is.**
- Review the CVI carefully upon receipt to make sure all the information is correct including any required test or vaccination information.
- **DO NOT** stuff it in an envelope and assume all is well. The 4th time to correct is before pulling them out at the fair. The CVI is your document and you share responsibility if it is incorrect.
- If you are importing livestock from out of state make sure the interstate requirements are met and you have a valid interstate certificate of veterinary inspection.
- **MOST IMPORTANT:** When you are loading your livestock for the trip to the show take the time to examine them. Make sure they are the same animals that are on the paperwork and if they are showing any signs of illness **LEAVE THEM HOME!**

SECTION 1—DAIRY CATTLE

Please note due to current restrictions we must limit the number of people on the showgrounds. No more than 200 exhibitors and family members are allowed on the showgrounds each day.

Only 2 additional people (parents and/or guardian) per exhibitor will be allowed to maintain the 200 maximum on the showgrounds.

1. Read "General Rules" of the Junior Livestock Show.
2. **Junior Animals Only for the 2021 Junior Livestock Show.**
3. Read Health Requirements pages 7-9.
4. All cattle must be identified by approved official eartags.
5. Dual ownership of a youth and a farm name is not allowed. However, please see page 29 on the New Exception.
6. Non-Ownership (4-H Lease)—please see page 29.
7. Dairy animals will be housed as they arrive and as assigned by Dairy Committee.
8. All purebred animals must be accompanied by registration papers made out in the name of the exhibitor before June 1 of this year. If registrations have been applied for but not received, proof must be shown that such applications have been made. Such proof may be a letter secured from breed offices.
9. Straw will be available for bedding.
10. **Exhibitors are only allowed one animal per class unless there is another registered participant in your immediate "pod". In that case, they can show the 2nd animal for you. Due to COVID-19 rules, we cannot allow you to work with/help anyone from outside of your immediate "pod". Please bear in mind, bringing 2 animals for 1 class, gives us the right to ask you to leave one at home if numbers warrant. We will let you know by July 1 if we have too many animals to accommodate and you would need to leave one of your animals home.**

IMPORTANT—PLEASE READ!

The Dairy Committee strongly recommends that ALL animal clipping be done at home prior to arriving on the show grounds, except for final touch-up clipping. Unfortunately during COVID we cannot allow helping or working with others outside of your "pod".

Emphasis should be on showing and not fitting.

Grooming and Preparation

Dairy cattle exhibitions are conducted under standards for evaluating conformation established by the PDCA *Unified Score Card* (1994), with the specific breed characteristics taken into consideration by the show judge. IN this connection, animals will be groomed and prepared for the judge's evaluation in order to display the animal's natural contour, conformation, performance and mobility. Specifically:

External applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.

The maximum allowable length of naturally growing hair anywhere on the top line is not to exceed 1". Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring.

Addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour of appearance of the animal's body is prohibited.

Exhibitor Responsibility:

The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (hereinafter referred to as "Exhibitor") for show management to obtain any specimens of urine, saliva, blood, milk or other substances from the animal to be use in testing. Materials may also be collected by ultrasound and photographic methods and by direct examination of the animal.

DAIRY CATTLE PREMIUMS & AWARDS

Animals will be judged on the Danish system for quality ribbon awards and cash premiums. In addition, individual placing ribbons will be awarded to the top ten animals in each class.

Excellent --- Blue Ribbon and \$12.00

Good --- Red Ribbon and \$8.00

Worthy --- White Ribbon and \$5.00

DAIRY CATTLE CHAMPIONSHIPS

The first and second place exhibits in each class compete for Junior Champion.

A Junior Champion and Reserve, and Grand Junior Champion and Grand Reserve Junior Champion of each breed will be chosen and rosettes presented.

Winners will be recognized at the end of the Dairy Cattle show.

Supreme Junior Champion Class -- all first place individuals of each breed.

Awards: Ribbons presented according to Danish system of judging plus \$7.00 cash participation premium to each participant.

Excellent--Blue Good--Red Worthy --White

BEST BRED-AND-OWNED ANIMAL

A special ribbon will be awarded in each class to the highest placing animal "bred and owned" by the exhibitor. A bred-and-owned animal is one for which the exhibitor owned the dam at the time the dam was bred. The offspring is the animal being considered for this award. Registration papers will be checked at check-in table for verification and entry number marked as such. The first place Blue/Excellent Ribbon bred-and-owned exhibits in each class will compete for Junior Best Bred-and-Owned of Breed, if selection has not been made from the breed Junior Champions

THE FARMERS' MUSEUM DAIRY CUP WILL BE PRESENTED TO THE BEST JUNIOR ANIMAL

SECTION 6—MEAT GOAT

Please note due to current restrictions we must limit the number of people on the showgrounds. To ensure the safety of all participants, no more than 200 exhibitors including parents or guardians will be permitted on the showgrounds at any given time.

In order to maintain the 200 maximum limit on the showgrounds, no more than two persons (parents and/or guardians only) per exhibitor will be allowed.

1. Read "General Rules" of Junior Livestock Show.
2. Read Health Requirements pages 7-9.
3. All animals must have been owned by the exhibitor before June 1 of this year.
4. All purebred animals must be accompanied by registration. If registrations have been applied for but not received, proof must be shown that such applications have been made. Such proof may be a letter secured from breed offices.
6. Non-Ownership (4-H Lease) - please see page 29..
7. No bucks permitted.
8. Goats are not to be shown with offspring at side and does should not be lactating.
9. Breeding goats must be a registered percentage, registered purebred or registered fullblood of any acceptable meat goat breed.
10. A meat type goat is any animal containing at least 50% of a meat breed, which includes Boer, Spanish, Kiko, Savanna, and Myotonic (fainting) Goats.
11. No pygmy or fiber goats.
12. **Exhibitors are only allowed one animal per class unless there is another registered participant in your immediate "pod". In that case, they can show the 2nd animal for you. Due to COVID-19 rules, we cannot allow you to work with/help anyone from outside of your immediate "pod". Please bear in mind, bringing 2 animals for 1 class, gives us the right to ask you to leave one at home if numbers warrant. We will let you know by July 1 if we have too many animals to accommodate and you would need to leave one of your animals home.**

NEW YORK YOUTH LIVESTOCK NON-OWNERSHIP POLICY AND DUAL OWNERSHIP IN DAIRY CATTLE

This non-owner certificate verifies that a 4-H member in New York and the owner of the animal have entered an agreement. A lease agreement allows a 4-H member to use the specified animal as a 4-H project.

Non-ownership papers should be to your Extension Educator by June 1. Questions regarding leasing animals, please contact you County 4-H Educator.

Please note the following for leased animals at the Junior Livestock Show.

- **4-H ALLOWS YOUTH TO LEASE 2 ANIMALS.**
- **YOU SHOULD ENTER BOTH ANIMALS ON THE ENTRY FORM IN CASE ONE IS UNABLE TO BE SHOWN.**
- **THE JUNIOR LIVESTOCK SHOW ONLY ALLOWS 1 LEASED**

Dual Ownership in Dairy Cattle

Dual Ownership of a youth and a farm name is not allowed. Dual ownership with another youth or person is not allowed. Ownership with a syndicate are not allowed.

NEW EXCEPTION: Dual ownership between siblings will be allowed as long as all of the following criteria are met:

- A. They are bona fide siblings (sister, brother, step-sister/brother, half-sister/brother, adopted.**
- B. All siblings on registration paper of animal(s) are of 4-H age and regular members as of January 1st of the current year. Cloverbuds are not eligible. For NY State Fair; entries entered through FFA or endorsed by a breed organization representative will need to follow 4-H rules on age also for the Dairy Youth Show.**
- C. One sibling has to designate the animal as their project animal for the project year by June 15th of current year by filing and completing animal identification form.**
- D. Completed animal identification form(s) needs to be filed with appropriate organization (4-H Extension, FFA or Breed Organization) to state youth designation by June 15th. A copy of this form also needs to accompany State Fair Dairy Youth Entry form being mail to Dairy You Superintendent along with the other required documents state on entry form.**
- E. Designation cannot change during the program year and animal must be shown and exhibited by designated sibling.**
- F. Bred and owned recognition can be given to designated youth as long as dual ownership is a current and legal partnership filed with breed organization.**
