

SUMMER AUGUST 3-4 SYMPOSIUM 2012

PALEONTOLOGICAL
RESEARCH INSTITUTION

Two days of science and fun!

Join us at the Museum of the Earth in beautiful Ithaca, New York. Spend a weekend learning about the most recent research being done by friends of the Paleontological Research Institution, and go into the field with world-renowned fossil experts.

The Symposium is an opportunity to:

- Learn about new research
- Collect fossils from famous Devonian localities
- See our behind-the-scenes scientific collections
- Enjoy food & drink, and sleep over at the Museum!

1259 Trumansburg Road, Ithaca, NY 14850
