Using Beneficial Insects in High Tunnels

Tuesday, April 20

10:00 am until 1:00 pm

Kilpatrick Family Farm
9778 State Route 22
Middle Granville, NY 12849

- NYS IPM Specialist Dr. Betsy Lamb will lead growers in this hands-on workshop. Pest management techniques that focus on the use of beneficial insects as a means to control pest insects in high tunnels and greenhouses will be discussed. Understanding placement, handling and life cycles of the beneficial insects is just as important as understanding the pest insects. Microscopes and insects will be available.
- Additionally, Michael Kilpatrick the manager of Kilpatrick Family Farm will give a brief tour of the high and low tunnel production areas of his farm.
- DEC Pesticide Application Credits will be available. Please bring your card with you.
- Sponsored by NYS IPM program, CCE Clinton County and the Capital District Vegetable and Small Fruit Program.
