### Helpful Hints For a Rewarding Cheese Tour:

- Wear closed shoes that are sturdy and easily cleaned. For the health of the livestock, you may be asked to clean/wash off your shoes prior to walking in an area where there are farm animals.
- Bring along a cooler and ice packs to (safely) bring back your cheese purchases or other farm bounty found at farm stands and markets along the Cheese Tour route.
- Farm animals are not necessarily pets. Please don't pet them unless invited to do so. And, please do not enter any un-authorized areas on the farms.
- Wear sunscreen, hats, and/or bug repellent, depending on the weather. Many activities are outside.
- For the safety and comfort of other tour goers and farm animals, please do not bring dogs on the tour.
