

**To all of our valued program participants and partners:**

The Central NY Dairy, Livestock and Field Crops Team will not be conducting any meetings or in person assistance until further notice. All scheduled meetings have been cancelled as we look to support efforts to minimize the spread of COVID-19. We will continue to monitor the situation and keep in touch with you.

Please continue to reach out to us by cell phone, email, and text as we will gladly respond. We will also continue to contact you by those same methods as we put out newsletters or share other pertinent pieces of information. Again we are still here expecting to assist you as always, just for the near future not in the in-person way we have in the past. We will up date our website as new info comes in <https://cnydfc.cce.cornell.edu>

As we navigate through some very uncharted territory over the next few days/weeks/ months, the CNYDFLC team would like to offer you a list of services that may be of help to your farm business. Remember, our entire team is only a phone call, email or video conference away. Please do not hesitate to contact us if a need arises, we will do our best to assist you in the ways previously mentioned.
